

TEMPbadge® Expiring Products

 **TEMPbadge® ID**
Secure • Effective • Affordable

Why use TEMPbadge® Expiring Products?

1. Helps identify and monitor visitors.

"For years, we have used access control and cards for employees, but nothing for visitors. We decided on TEMPbadge Expiring Badges because they were easy-to-use and effective."

-Security Director, Fortune 1000 Facility

4. Prevents re-entry due to expiring ink and eliminates the need to collect used badges.

"No matter how hard we try... our visitor badges leave the building. It's great to know that those badges cannot be re-used."

-Security Guard, Southwest Financial Institution

2. Enhances safety and security of employees.

"We need to keep track of who is coming in and out to the best of our ability. All it takes is one bad person to cause trouble. With TEMPbadge we immediately know if they are authorized to be in the facility."

-Security Manager, High-rise Office Complex

5. Increases the awareness of your security department and visibly demonstrates security practices.

"It was a simple change, but using expiring badges changed people's perception of our department. I think people think we are more competent now."

-Director of Security, Major Northeast Medical Center

3. Visibly demonstrates our concern & engages staff in participating in security procedures.

"They love it and appreciate the fact that everybody in the building is participating in the security program. Where before they could say, 'We don't know who that is, now if they see an expired badge they know to challenge the person, or call security.'"

-Security Director, Large Midwest Manufacturing Facility
