Specialist ID | Visitor Badge | SKU 05864

Part number	05864
Brand	Specialist ID
Category	Visitor Badge
Dimensions	4" x 2-1/4"
Weight	0 lb
Customizable	No

OVERVIEW

The Genuine TEMPbadge 05864 is a 4 x 2 1/4 inch direct thermal visitor badge with a printed STOP sign where the expiring spot goes, supplied 250 to a roll with its own roll of 250 expiring spots (part number 05864). How it works Print the visitor name on the badge, then press one of the included expiring spots over the printed STOP sign. The white spot covers the STOP while the badge is valid, and its chemical timer starts as soon as it is applied. Overnight, about 10 to 15 hours later, the spot develops and the STOP sign shows through, so an expired badge reads as a stop sign from across a room.

KEY FEATURES

- **Format:** 4" x 2-1/4" direct thermal visitor badge with a printed STOP sign where the expiring spot goes, 250 badges per roll with a separate roll of 250 expiring spots. Sized for the Dymo 30911 label.
- **Expiration:** 1-day. The included spot presses over the printed STOP sign and covers it; overnight, about 10 to 15 hours later, the spot develops and the STOP sign shows through.
- **Pairs with:** Nothing else needed; the spots come in the roll. A direct thermal printer prints the badge.
- **Attachment:** Adhesive back sticks to most clothing, with a slot for a clip. Do not apply to leather, silk, suede, or vinyl.
