OVERVIEW

The EK USA Lanyard Plus II (10046) is a 5mm nylon breakaway lanyard with two detachable split key rings. Each ring has its own detachable side-release buckle, letting you attach and remove items independently. Use one ring for an ID badge holder and the other for keys, dosimeters, or tools, consolidating on one lanyard what would otherwise require two. A favorite among nuclear facility employees and a great FME solution.

KEY FEATURES

- **Two Detachable Split Key Rings:** Each ring has its own side-release buckle. Attach and remove items independently. Use one for an ID badge holder, one for keys, dosimeters, or tools.
- **Nuclear and FME Ready:** 5mm nylon cord. A favorite among nuclear facility employees and a great FME solution.
- **Breakaway Safety:** Connector at the back of the neck snaps apart under force to prevent injury. Pushes back together.
- **19" (482mm) Nylon Cord:** Compatible with badge holders, keys, dosimeters, and most standard split-ring attachment points.
