## OVERVIEW

The EK USA Lanyard Plus (10761) is a 100% nylon braided breakaway lanyard with a soft end loop and a permanently fused metal uniform clip. The soft end attaches to any standard punched ID badge or badge holder. The fused clip fastens directly to a shirt, jacket, or uniform to keep credentials secured against the body. The fused clip eliminates badge drop without removing the lanyard.

## KEY FEATURES

- **Soft End Loop:** Attaches to any standard punched ID badge or badge holder.
- **Fused Uniform Clip:** Permanently attached metal clip fastens to a shirt, jacket, or uniform. Keeps credentials secured against the body. Eliminates badge drop.
- **Breakaway Safety:** Connector at the back of the neck releases under force to prevent injury. Resets by pressing back together.
- **Original EK USA Design:** A great FME solution for industrial and high-security environments.
