	Country of origin	China

OVERVIEW

The 1810-1000 is a functional, everyday solution for displaying and protecting standard-sized ID badges. This horizontal holder is constructed from a textured vinyl material, which helps prevent the "sticky" effect often seen when cards adhere to smooth plastic surfaces. This makes it easier to slide cards in and out without damaging the printed surface of the ID. Designed for convenience, this holder features a pre-attached swivel bulldog clip.

KEY FEATURES

- **Anti-Stick Texture:** Features a textured back that prevents ID cards from sticking to the holder, protecting card graphics and making insertion/removal easier.
- **Pre-Attached Swivel Clip:** Includes a built-in swivel bulldog clip that attaches securely to clothing and keeps the badge oriented horizontally.
- **Standard Card Fit:** Specifically sized to hold standard CR80 credit card-sized ID badges (up to 3.5" x 2.25").
- **Durable Construction:** Made from reliable vinyl with a reinforced header to ensure the clip remains securely attached during daily use.
