Brand	Specialist ID
Category	Badge Holder
Dimensions	2.16" x 3.48"
Weight	varies by option - see options table
Colors	Black, Clear, Blue, White
Customizable	No

OVERVIEW

This semi-rigid convertible badge holder gives standard ID cards, access cards, proximity cards, and business-card-size credentials a structured open-face carrier with multiple ways to wear it. The rotating clip lets the same holder display a card vertically or horizontally, so teams can support either badge orientation without stocking separate holder styles. Use the rotating clip on a belt, pocket, or compatible garment edge, or attach a compatible lanyard, badge reel, or neck chain through the top slot and chain holes. The semi-rigid plastic body adds more support than soft vinyl while keeping the front of the card visible and easy to scan.

KEY FEATURES

- **Convertible Display:** Rotating clip supports vertical or horizontal ID card wear.
- **Standard CR80 Card Fit:** Fits and holds one standard credit card or driver's-license-size CR80 ID badge.
- **Multiple Attachment Options:** Use the rotating clip, top slot, or chain holes with compatible badge reels, lanyards, or chains.
- **Semi-Rigid Open-Face Design:** Adds more structure than soft vinyl while keeping the card visible and easy to access.
