Part number	1840-5060
Brand	Specialist ID
Category	Badge Holder
Insert size	2.50" x 3.63"
Weight	0.4 oz
Color	Clear
Customizable	No
Country of origin	China

OVERVIEW

The 1840-5060 is a clear vinyl vertical proximity card holder with equal-thickness front and back panels, each measuring 0.020" (0.51mm). It accepts inserts up to 2.50" x 3.63" (64 x 92mm) within an outside holder dimension of 2.82" x 4.53" (72 x 115mm). Standard slot and chain holes allow attachment to any lanyard, badge reel, or neck chain. A lock-in slot holds the credential securely when a badge strap is inserted through the slot opening.

KEY FEATURES

- **Equal-Panel Vinyl Construction:** 0.020" (0.51mm) front and back panels provide balanced protection on both faces of proximity and smart cards.
- **Lock-In Slot:** Card secures in place when a badge strap is inserted through the slot, preventing credentials from sliding out during scanning or active movement.
- **Insert Dimensions:** Vertical top-load accepts cards up to 2.50" x 3.63" (64 x 92mm) with an outside holder dimension of 2.82" x 4.53" (72 x 115mm).
- **Best For:** Access control programs, universities, and healthcare facilities where proximity cards are scanned frequently and a secure slot-locking holder is required.
