Customizable	No

OVERVIEW

The 1845-200X is a semi-rigid vinyl color-coded backpack ID tag with a loop attachment for securing identification to bags, backpacks, luggage handles, and equipment. Each holder includes a blank paper insert for writing contact information and holds a standard business card or ID card. Available in 6 colors for color-coding by group, classroom, team, or trip assignment. The loop threads through luggage handles, D-rings, zipper pulls, and strap hardware for a secure attachment that keeps the tag with the bag through active transport.

KEY FEATURES

- **Material:** Semi-rigid vinyl construction protects the insert from bending and moisture during transit and daily bag handling.
- **Loop Attachment:** Threads through luggage handles, D-rings, zipper pulls, and bag strap hardware for secure attachment without additional tools.
- **Best For:** School district field trips, bus programs, summer camps, and group travel setups using color-coded tags to sort participants by class or group assignment.
- **6 Colors Available:** Black (1845-2001), Royal Blue (1845-2002), Green (1845-2004), Red (1845-2006), White (1845-2008), Yellow (1845-2009).
