Customizable	No

OVERVIEW

The industry standard two-hole vinyl strap clip is the most widely used ID badge attachment in the world. Simple, reliable, and affordable at any quantity, this strap clip fits any slot-punched ID card or badge holder and clips securely to shirt pockets, collars, scrub tops, uniform lapels, and bag straps. The nickel-plated steel alligator clip holds tight without damaging fabric, and the 2-3/4" clear vinyl loop buttons closed to keep your credential secure throughout the day. Trusted by hospitals and healthcare systems, universities and K-12 schools, government agencies, offshore and industrial operations, and corporate procurement teams worldwide.

KEY FEATURES

- **Format:** 2-3/4" clear vinyl strap buttons closed over any slot-punched ID card or badge holder.
- **Clip:** Nickel-plated steel alligator clip fastens to shirt pockets, collars, scrub tops, uniform lapels, and bag straps without damaging fabric.
- **Fit:** Opens wide enough for thick collars and layered fabrics; the flexible strap angles the badge for easy reading or card access.
- **Legacy Part Numbers:** Sold industry-wide as 505-A, 2105-1991, 2105-1993, 2105-2000, and VSC; all identical.
