OVERVIEW

The 2105-3100 is a vinyl strap clip with a 3-1/2" (89mm) strap and a 2-hole NPS clip. The strap threads through any slot hole on a badge holder, credential sleeve, or slot-punched ID card. The NPS clip on the opposite end fastens to clothing or a pin back. The extended 3-1/2" length is designed for layered badge assemblies, thick credential sleeves, or stacked holders where a shorter 2-3/4" strap would not reach through cleanly.

KEY FEATURES

- **Extended 3-1/2" Strap:** Threads through any slot hole on badge holders, credential sleeves, or slot-punched ID cards. Long enough for layered assemblies or thick holders where a 2-3/4" strap would not reach.
- **2-Hole NPS Clip:** Fastens to clothing, pin backs, or attachment points. The strap threads the slot; the clip attaches to the wearer. No permanent modification to the holder required.
- **Soft Vinyl on Slot Edges:** Vinyl material is gentler on slot holes than metal hardware, extending the life of rigid badge holders under daily wear.
- **Employee and Visitor Badge Programs:** Used by corporate and healthcare programs for both employee IDs and temporary visitor credentials where a lightweight, economical attachment is preferred.
