OVERVIEW

The 2137-200X is a round 1/8" (3mm) flat-braid cord breakaway lanyard with a nickel-plated steel swivel hook end fitting. Total cut length is 36" (914mm) prior to assembly. The round cord profile provides a neutral wearing surface for all-day badge wear. The nickel-plated steel swivel hook rotates 360 degrees to prevent twisting and connects to standard badge holder holes, key rings, and accessory loops.
