## OVERVIEW

The 2138-362X is a 5/8" wide premium polyester breakaway lanyard with a detachable lobster claw clasp. The breakaway safety release separates under pressure to prevent injury if the lanyard is pulled or snagged, and the lobster claw clasp detaches easily for quick access to keys, badge holders, PROX cards, USB drives, or other accessories without removing the lanyard. Bold solid colors make it easy to distinguish teams, access levels, or departments at a glance. Popular with schools, colleges, and universities for staff and student identification programs, and widely used by government offices, public safety agencies, and healthcare organizations that need a reliable everyday lanyard at scale.
