OVERVIEW

The 2138-504X is a 5/8" wide flat braid woven polyester breakaway lanyard in six high-visibility neon colors. At 36" total length, it positions credentials at belly-button height for clear, comfortable display throughout the day. The breakaway safety clasp releases under tension and reconnects without tools, keeping the wearer protected in active and high-traffic environments. The swivel hook attaches to any slot-punched ID badge or standard badge holder and rotates to keep credentials facing forward.
