Country of origin	China

OVERVIEW

You can easily identify workers in your building with this Black "Staff" Lanyard. The "Staff" imprint along the lanyard makes it easy to decipher the services of the workers employed. The lanyard material has a silky feel to it, and is 36" (914 Mm) cut length prior to assembly. The breakaway feature, also referred to as "Safety Breakaway", enables the lanyard to snap apart if it comes under pressure, keeping the person wearing the lanyard from being pulled or choked if the lanyard is grabbed or snagged.

KEY FEATURES

- **Identification Made Easy:** Featuring a clear "Staff" imprint, this lanyard simplifies employee identification, enhancing security and communication within your organization.
- **Comfortable & Durable:** Crafted with a silky material, the 36" lanyard offers both comfort for all-day wear and durability for long-lasting use.
- **Safety Breakaway Feature:** Equipped with a safety breakaway, the lanyard detaches under pressure to prevent accidents, then easily reattaches for continued use.
- **Secure Attachment:** Comes with a swivel hook, the most sought-after attachment, ensuring badges or IDs are securely and conveniently displayed.
