OVERVIEW

You can easily identify visiting workers in your building with this Blue "Contractor" Lanyard. The "Contractor" imprint along the lanyard makes it easy to decipher the services of the workers employed. The lanyard material has a silky feel to it, and is 36" (914mm) cut length prior to assembly. The breakaway feature, also referred to as "Safety Breakaway", enables the lanyard to snap apart if it comes under pressure, keeping the person wearing the lanyard from being pulled or choked if the lanyard is grabbed or snagged.
