Brand	Specialist ID
Category	Lanyard
Webbing width	3/8"
Weight	0.4 oz
Colors	Black, White, Navy Blue, Royal Blue, Red, Green
Customizable	No
Country of origin	China

OVERVIEW

The 2140-530X is a 36-inch flat lanyard with a bulldog clip on each end. Both clips attach to the outer slot holes of a large badge holder, holding it flat against the chest so it cannot rotate or flip during wear. Standard single-clip lanyards allow heavy or oversized credentials to spin freely, making the badge hard to read and causing it to end up face-down within minutes of being put on. The two-point attachment on the 2140-530X keeps the credential oriented correctly all day without any adjustment.

KEY FEATURES

- **Two-Point Anti-Flip Attachment:** Bulldog clip on each end attaches to both outer slot holes of a large badge holder. Badge stays facing forward all day and cannot rotate.
- **For Large Format Credentials:** Designed for 4x3, 4x4, and larger laminated credentials used at conferences, tournaments, and professional events.
- **36-Inch Flat 3/8" Cord:** Lies flat against the neck without twisting. Places badge center-chest for most wearers. No breakaway release on this model.
- **6 Colors Available:** Black (2140-5301), Royal Blue (2140-5302), Navy Blue (2140-5303), Green (2140-5304), Red (2140-5306), White (2140-5308).
