## OVERVIEW

Pressure-sensitive nickel-plated steel bar pin, 1 1/2" (38mm), with an ABS break-away base, locking safety catch, tabbed release paper and a high-bond adhesive back pad. Pad dimension 1 5/8" x 1/4" (41 x 6.5mm). Easily create your own customized ID badges and name tags with our self-adhesive pressure-sensitive 1 1/2 inch nickel-plated steel bar pin. The sticky adhesive back allows for a quick and secure attachment to many surfaces (a real time saver from having to use glue).

## KEY FEATURES

- **Size:** 1 1/2" (38mm) bar pin; adhesive pad measures 1 5/8" x 1/4" (41 x 6.5mm)
- **Material:** Nickel-plated steel with an ABS break-away base and locking safety catch
- **Attachment:** Pressure-sensitive high-bond adhesive back with tabbed release paper
