

Adhesive Back Nickel-Plated Pin/Clip Badge Attachment (5735-2050)

Specialist ID | Badge Holder | SKU 5735-2050

Part number	5735-2050
Brand	Specialist ID
Category	Badge Holder
Weight	0.2 oz
Color	White
Customizable	No
Minimum order	1

OVERVIEW

Add a pin-and-clip attachment to ID badges, name tags, promo cards, lightweight credentials, and craft pieces without messy glue. This nickel-plated pin/clip combination uses a pressure-sensitive adhesive back that bonds to clean, flat surfaces. The 1 inch ribbed-face clip includes a top hole and an integrated 1-1/2 inch safety pin, giving the wearer multiple ways to attach and display a badge. The 3/4 x 3/4 inch adhesive pad is sized for a strong hold on badge backs, card backs, and similar flat surfaces.

KEY FEATURES

- **Pressure-Sensitive Adhesive Back:** Peel-and-stick pad bonds to clean, flat badge, card, or name tag surfaces.
- **Pin/Clip Combination:** Nickel-plated 1 inch ribbed-face clip with top hole plus integrated safety pin.
- **Verified Dimensions:** 3/4 x 3/4 inch adhesive pad and 1-1/2 inch safety pin length.
- **Badge and Name Tag Use:** Adds a clip or pin attachment to ID badges, visitor badges, conference name tags, promo cards, and lightweight credentials.
