OVERVIEW

The 706-T1 is a slim horizontal polycarbonate badge holder with a frosted clear finish and UV protection coating. It holds one standard CR80 (credit card sized) ID at 3.38" x 2.13" in horizontal orientation. Cards load from the top and stay secured until released by the thumb notch on the back panel, allowing fast one-handed removal for scanning or swiping at access points and POS terminals. Lightweight construction protects cards from bends, scratches, and UV degradation during daily use.

KEY FEATURES

- **Polycarbonate with UV Protection:** Frosted clear hard plastic protects your CR80 ID (3.38" x 2.13") from bends, scratches, and UV degradation.
- **Thumb Notch for Fast Retrieval:** Back panel thumb slot releases the card one-handed for quick scanning or swiping at access points and POS terminals.
- **Horizontal Top-Load Design:** Card inserts from the top and stays secured in place until released. GSA approved.
- **Universal Slot Hole Attachment:** Fits standard lanyards, badge reels, vinyl straps, and neck chains (706-T1).
