## OVERVIEW

The HID FARGO 82137 is a 500-count box of UltraCard Premium 30 mil CR-80 composite cards with a high-coercivity (HiCo) magnetic stripe. Also known as the 082137. UltraCard Premium uses HID's composite polyester construction, which keeps the card from warping under heat. That matters in two cases.

## KEY FEATURES

- **500 UltraCard Premium composite cards per box:** polyester core with PVC surfaces, CR-80, 30 mil.
- **High-coercivity magnetic stripe:** durable encoding for access control and daily swiping.
- **Built for heat:** resists warping in laminating and retransfer printers where pure PVC can fail.
- **Authorized HID FARGO reseller:** genuine card stock, exactly as HID made it.
