Country of origin	United States

OVERVIEW

Our clear "LPN" horizontal badge buddy with green color border provides instant role recognition for licensed practical nurses. This enhanced visibility helps patients, visitors, and colleagues quickly identify nurses in a healthcare setting, promoting safety and efficiency. The clear, transparent badge buddy, with LPN printed on both sides, allows your ID to be seen when it flips over. These are great for a busy hospital environment where faculty and patients can't afford to waste time closely examining each nurse's badge.

KEY FEATURES

- **Format:** Clear horizontal badge buddy, 3-3/32" x 3-3/8". The transparent body keeps your standard size ID visible, and the text is printed on both sides so it reads even when the badge flips over.
- **Role Recognition:** "LPN" in text with a green border, for instant recognition by patients, visitors and colleagues.
- **Wearing:** Wears under your standard photo ID.
- **Best For:** Busy hospital environments where staff and patients cannot afford to spend time closely examining each badge.
