Brand	Specialist ID
Category	Badge Holder
Insert size	2.13" x 3.38"
Outside dimensions	2.60" x 4.13"
Weight	0.4 oz
Color	Clear
Customizable	No

OVERVIEW

The PPP-1 is a heavy duty vertical vinyl badge holder with an adhesive hook and loop backing and a resealable zipper top. The adhesive side attaches to any flat surface or hook and loop compatible material, including hard hats, construction helmets, safety vests, tactical shirts with hook and loop patch areas, gear cases, or shelving. Once the adhesive backing is applied to the surface, the badge holder attaches and detaches by hook and loop without clips or lanyards. The red zipper top seals the credential inside, keeping it protected from water, dirt, and job site conditions.

KEY FEATURES

- **Adhesive Hook and Loop Back:** Attaches to hard hats, helmets, safety vests, hook and loop patch panels, and flat surfaces. Badge holder attaches and detaches by hook and loop without clips or lanyards.
- **Resealable Zipper Top:** Seals credentials inside against water, dirt, and job site conditions. Red zipper closes fully to protect ID cards during outdoor and industrial use.
- **Holds Up to Three ID Cards:** Insert size 2.13" x 3.38" (54 x 86mm), fits standard credit card sized credentials. Outer dimensions 2.60" x 4.13" (66 x 105mm). Accommodates up to three stacked standard IDs.
- **Construction, Law Enforcement, and Events:** Used where lanyards are impractical or a safety hazard. For equipment-mounted credential display on job sites, field operations, and event staff.
