Evolis S10176 Extension Board, Dual SAM Slot Expansion for Elyctis Module in Primacy 2, Zenius, and Elypso Printers

Evolis | Printer Accessory | SKU S10176

Part number	S10176
Brand	Evolis
Category	Printer Accessory
Weight	1 lb
Customizable	No

OVERVIEW

Compatible printers: Evolis Primacy 2, Primacy, Zenius, Elypso (requires Elyctis dual encoding module already installed). The Evolis S10176 is an extension board that adds 2 SAM (Secure Access Module) slots to printers equipped with the Elyctis dual encoding module. SAM slots hold cryptographic keys used during contact and contactless smart card encoding. With additional slots, you can load multiple security keys simultaneously instead of swapping SAM cards between jobs.

KEY FEATURES

- **Adds 2 secure SAM slots to Primacy 2, Primacy, Zenius, and Elypso printers:** : Supports multiple cryptographic keys for multi-application encoding
- **Requires Elyctis dual encoding module:** : Must be installed before adding this extension board
- **Field-installable upgrade:** : No factory service required, installs into the printer's encoder bay
- **Enables simultaneous multi-key operations:** : Load different security credentials without manual SAM card swapping
