Evolis S10281 Elyctis Smart Encoder, Add Secure Smart Card Printing for Zenius, Primacy & Primacy 2 Printers

Evolis | Printer Accessory | SKU S10281

Part number	S10281
Brand	Evolis
Category	Printer Accessory
Weight	1 lb
Customizable	No

OVERVIEW

Compatible printers: Evolis Zenius, Primacy, Primacy 2. The Evolis S10281 is a contact smart card encoder kit that adds ISO 7816 chip encoding capability to Evolis printers. Once installed, the printer can read and write to contact smart cards in the same pass as printing, producing finished encoded credentials in a single job. The encoder supports standard contact chip protocols used in access control, PKI authentication, and multi-application credential programs.

KEY FEATURES

- **Adds contact smart card encoding to Zenius, Primacy, and Primacy 2:** : Field-upgradeable kit installs directly into the printer's encoder bay
- **Supports ISO 7816 contact smart cards:** : Encodes chip-based credentials for access control, PKI, and multi-application programs
- **One-pass print and encode:** : Print the card and write to the chip in a single job without manual steps
- **Optional SAM expansion available:** : Add S10176 extension board for 2 additional SAM slots for multi-key encoding
