Rigid Vertical Half Card Swipe Badge Holder, SPID-1380

Specialist ID | Badge Holder | SKU SPID-1380

Part number	SPID-1380
Brand	Specialist ID
Category	Badge Holder
Weight	0.2 oz
Customizable	No

OVERVIEW

The SPID-1380 is a rigid clear vertical half card holder for one standard CR80 credit card sized access card, ID badge, or magnetic stripe card. The holder grips the card at the top edge and leaves the magnetic stripe exposed, so the card can be swiped without removing it from the holder. A top slot hole provides an attachment point for a strap clip, badge reel, lanyard, or key ring connector. Use it for employee swipe cards, student ID One Cards, time clock cards, POS cards, and facility access credentials that need to stay attached while the stripe remains accessible.

KEY FEATURES

- **Rigid half-card grip:** Holds the card securely while leaving the magnetic stripe exposed for swipe readers.
- **Vertical card layout:** Keeps employee IDs, student ID One Cards, time clock cards, and access cards upright.
- **Slot hole attachment:** Connects to strap clips, badge reels, lanyards, or key ring connectors.
- **Best For:** Campuses, offices, warehouses, and facilities where users swipe cards throughout the day.
