Country of origin	Taiwan

OVERVIEW

Our vertical armband ID badge holders with hook and loop, part number SPID-1710, are ideal for smaller size arms (men, women, and kids) due to our newest shorter length strap size. Arm band badge holders are popular for professionals working in the military, at manufacturing plants, airports, traffic control personnel, seasonal sporting activities, and more. Once you slip your ID, ski pass, lift ticket, transit pass or other credit card size card inside and then strap it on either arm, it will vertically display your photo ID comfortably as it flexes with arm movement. The rugged vinyl will allow your front facing ID badge to remain easily seen.

KEY FEATURES

- **One Size Fits Most:** DESIGNED FOR SMALLER ARMS - Comes with an adjustable, black elastic band, providing a universal fit that's suitable for smaller size arms.
- **Versatile ID Compatibility:** Perfectly sized for standard credit card-sized IDs like driver's licenses, work badges, and ski passes. Fully compatible with popular passes like Epic, Indy, Mountain Collective, and Ikon.
- **Comfort-Focused Design:** Features a flexible elastic arm band with a secure hook and loop closure, ensuring a snug fit without compromising comfort.
- **Convenient Vertical Layout:** Designed for a hands-free experience, this vertical holder keeps your ID visible and accessible without any dangling interference.
- **Travel-Friendly:** Completely metal-free, making it ideal for quick passage through metal detectors, MRI environments, and airport security, ensuring a hassle-free experience.
