OVERVIEW

Purpose-Built for the Centegix CrisisAlert V2 Wearable Panic Button When every second matters, your staff cannot be fumbling with their badge. The SPID-1730 / SPID-1780 dual badge holder was precision-engineered to carry both the Centegix CrisisAlert V2 wearable panic button and a standard CR80 ID card (2.13" x 3.38") in fully separated compartments. A precision cutout keeps the panic button fully exposed at all times, so staff can activate an alert instantly without removing or repositioning anything. No obstruction.

KEY FEATURES

- **Choose Your Orientation:** Vertical (SPID-1730) hangs portrait-style; Horizontal (SPID-1780) hangs landscape-style. Select the correct variant before ordering.
- **Panic Button Always Exposed:** Precision cutout keeps the CrisisAlert V2 button fully accessible at all times. No obstruction means no delay in an emergency.
- **Dual-Card Separation:** CrisisAlert V2 badge and CR80 ID card held in fully separated compartments. No interference, no misreads, no accidental triggers.
- **Polycarbonate Durability:** Lightweight, impact-resistant construction built for all-day wear in schools, hospitals, and corporate environments.
