Country of origin	Taiwan

OVERVIEW

Protect sensitive credentials and reduce skim risk. The Specialist ID Dual-Sided RFID Blocking Badge Holder shields two standard ID cards from 13.56 MHz RFID scanning in a slim, rugged form that pairs with lanyards, badge reels, or clips. Why you'll love it Dual-sided capacity - carry two IDs (e.g., photo ID + access badge) in one holder. RFID shielding at 13.56 MHz - helps block common high-frequency skim attempts.

KEY FEATURES

- **Dual-sided capacity:** - holds two standard ID cards (e.g., photo ID + access badge) in one slim holder.
- **RFID shielding at 13.56 MHz:** - helps block common high-frequency skimming attempts.
- **Durable hard plastic:** - clear, impact-resistant housing - sits flat on lanyards or badge reels and fits easily into pockets.
- **Low-profile design:** - trusted by law enforcement, military, TSA, Homeland Security, and large corporations for secure ID protection.
