OVERVIEW

Bulk Double Sided Lanyard with Bulldog Clips on Each Side - Comfort Neck Straps ID Holder for Special Event Badges These lanyards are popular for large credentials and concert tickets because they have the double ends to attach to larger badges with chain slot holes. With one bulldog clip on each side, the lanyard securely grips to your ID badge holder in two places (usually using the outer round holes) and will keep your VIP pass, football ticket or larger badge facing forward at all times without flipping around. Adjustable to the perfect hanging size by tying a loose knot if needed (see pic illustrations).
