OVERVIEW

The SPID-2330 is a child-size double-ended lanyard, 3/8 in wide and 12.5 in long, with a hook clip on each end. Clip both hooks into the slot holes of a badge holder or ID card and the badge hangs flat and faces forward instead of flipping around. A safety breakaway clasp pulls apart if the lanyard snags or gets yanked, so it is a safe choice for student IDs at school, camp and on field trips. Five colors make it easy to sort kids by class, bus or group.
