OVERVIEW

The SPID-3080 is a square retractable badge reel for keeping an ID badge or badge holder accessible on a belt, pocket, or waistband. The 1-1/4" square casing gives the reel a clean, low-profile look while the belt clip secures it for everyday wear. A 34" retractable cord gives room to swipe, scan, or present a credential without removing the reel. The reinforced vinyl strap with snap attaches through the slot of an ID badge, badge holder, or name tag.
