Part number	SPID-9750
Brand	Specialist ID
Category	Slot Punch
Dimensions	1/8" x 0.550"
Weight	28.7 oz
Customizable	No
Country of origin	Taiwan

OVERVIEW

The Stapler-Style Slot Punch With Adjustable Guide (P/N SPID-9750) is a heavy duty metal punch that cuts a rectangular slot hole 1/8" x 0.550" (3 x 14mm) in ID badges and cards. That slot is the one standard badge reels, lanyards and strap clips attach to. The punch has an adjustable guide, and a long metal receptacle catches the punched-out slots so your desk does not end up covered with little plastic rectangles. The rubber base is a non-slip material and the weighted handle adds leverage, which helps when you have to punch a series of badges throughout the day rather than one card at a time.

KEY FEATURES

- **Slot Size:** 1/8" x 0.550" (3 x 14mm) rectangular slot.
- **Style:** Stapler-style, metal construction, weighted handle and non-slip rubber base.
- **Includes:** Adjustable guide and a long metal receptacle that catches the punched-out slots.
- **Best For:** Slotting ID badges for badge reels, lanyards and strap clips.
