Customizable	No

OVERVIEW

These are US manufactured, quality inspected white PVC cards with a high coercivity (HiCo) magnetic stripe. CR80 is the same size as a standard credit card or a current style driver license: 3 3/8 in x 2 1/8 in x .030 in, so 30 mil thick. The stripe is a 3 track, 0.5 in magnetic stripe, which means the cards can be encoded and read on 1 track, 2 track or 3 track reader/writers. Every package arrives factory sealed in shrink wrap.

KEY FEATURES

- **Material:** White PVC, CR80 size, 30 mil thick, manufactured in the USA.
- **Format:** High coercivity (HiCo) 3 track, 0.5 in magnetic stripe, usable with 1, 2 or 3 track reader/writers.
- **Compatible With:** All standard ID card printers. Not for inkjet or HDP printers, and not for Aloha or other proprietary encoded POS systems.
- **Includes:** Cards sealed in shrink wrap, in 100, 200, 500 or 1000 card packs.
