Vertical Thick Prox Card Holder (SPID-PROX-V)

Specialist ID | Badge Holder | SKU SPID-PROX-V

Part number	SPID-PROX-V
Brand	Specialist ID
Category	Badge Holder
Weight	0.6 oz
Color	Clear
Customizable	No

OVERVIEW

The SPID-PROX-V is a vertical rigid proximity card holder for thick HID proximity cards and other 70 to 90 mil access cards. It is built for cards that are thicker than a standard 30 mil CR80 ID badge, including HID ProxCard II style clamshell proximity cards. The clear frosted rigid plastic keeps the card visible while helping protect it from bending, cracking, and daily handling damage. The holder material does not interfere with normal prox card readability, so compatible proximity cards can be tapped or presented at access-control readers without removing the card from the holder.

KEY FEATURES

- **Vertical thick prox card holder:** Designed for HID ProxCard II style cards and other 70 to 90 mil proximity credentials.
- **Reader-friendly carry:** Holder material does not interfere with normal prox card readability at compatible access-control readers.
- **Rigid card protection:** Clear frosted hard plastic helps protect thick access cards from bending, cracking, and daily wear.
- **Secure side-load access:** Retaining tabs help hold the card in place while the center thumb notch makes removal easier.
