Specialist ID | Wristband | SKU SPID-UBAND-1K

Part number	SPID-UBAND-1K
Brand	Specialist ID
Category	Wristband
Weight	1 oz
Customizable	No
Minimum order	100
Lead time	Usually Ships in 10 - 14 Business Days

OVERVIEW

A MIFARE credential you wear. The SPIDProx U-Band MIFARE Classic 1K puts a 13.56 MHz smart chip in a silicone wristband, so it does everything a MIFARE card does (unlocks doors, pays at the café register, clocks in and out) while staying on the wrist. It is a natural fit anywhere pockets are a problem: pools and water parks, gyms and locker rooms, summer camps, festivals, and hospital or campus environments. How it is read.

KEY FEATURES

- **Format:** Silicone wristband with a MIFARE Classic 1K chip (ISO 14443A, 13.56 MHz); waterproof and sweatproof.
- **Sizes and Colors:** Three wrist circumferences, 6 in small, 7 in medium and 8 in large, in twenty colors.
- **Credential:** Read by the chip factory 4 byte UID, so systems that read a card by its UID need no encoding step, facility code or bit format to match.
- **Chip Specs:** 1024 byte EEPROM organized as 16 sectors of 4 blocks; 10 year data retention; 100,000 write cycles; sold in packs of 100.
