OVERVIEW

The Genuine TEMPbadge T2014 is a one-piece ONEstep self-expiring badge with a red VISITOR header and a slotted clip-on top, 3" x 3", sold in a box of 500 (part number T2014). How it works Write the visitor's information on the face of the badge, peel the inner liner, and press the badge together to start the one-day timer. Red lines appear gradually as the badge expires overnight, about 10 to 15 hours after activation, so yesterday's badge cannot be worn again. What you need A standard badge clip or strap clip for the slotted top.
