Weight	0 lb
Customizable	No

OVERVIEW

The Genuine TEMPbadge T4103A is a 2 1/8 x 3 13/16 inch thermal-printable adhesive visitor badge with a dedicated round spot expiration area, sold in a box of 1,000. How it works Print the visitor name, photo, or other information on the badge with a direct thermal printer, then apply a TIMEspot expiring indicator to the round spot area to start the timer. The indicator develops its pattern as time passes, so an expired badge is obvious at a glance. TIMEspot indicators are available in half-day (about 4-6 hours), 1-day (overnight, about 10-15 hours), and 7-day (about 4-7 days) versions.

KEY FEATURES

- **Format:** 2-1/8" x 3-13/16" direct thermal printable adhesive visitor badge, box of 1,000. Prints on any direct thermal printer that accepts this media size and does not require proprietary consumables. Printers that only run their own chipped or coded labels, such as the Dymo 550 series, will not accept this stock.
- **Expiration:** Dedicated round spot area accepts a TIMEspot expiring indicator; the dot develops its pattern to show the badge has expired.
- **Pairs with:** TIMEspot indicators in half-day (about 4-6 hours), 1-day (about 10-15 hours), and 7-day (about 4-7 days) versions.
- **Attachment:** Adhesive back sticks directly to clothing, no clip or holder needed.
