OVERVIEW

The TEMPbadge T5595A is a large 3 x 4 inch handwritten badge back preprinted VISITOR, with a printed token expiration area and a slot for clip-on wear (part number T5595A). How it works Write the visitor's name and details directly on the badge, then apply a TEMPbadge expiring token to the marked token area at check-in. The token's chemical timer changes color as it runs, so an expired badge is easy to spot and cannot be reused. What you need TEMPbadge expiring tokens for the token area, plus a strap clip or lanyard for the slot.
