OVERVIEW

The TEMPbadge T5812A is a handwritten adhesive badge back preprinted VISITOR, 1 15/16 x 2 7/8 inches, with a printed spot expiration area (part number T5812A). How it works Write the visitor's name and details on the badge, apply a TEMPbadge TIMEspot expiring indicator to the marked spot area at check-in, and stick the badge on the visitor's clothing. The indicator's chemical timer changes color as it runs, so an expired badge is easy to spot and cannot be reused. What you need TEMPbadge TIMEspot expiring indicators for the spot area.
