OVERVIEW

The Genuine TEMPbadge T6031A is a 1 15/16 x 2 7/8 inch self-expiring adhesive badge back that reveals the word EXPIRED, sold in a box of 1,000. How it works This universal back supplies the timing chemistry for TEMPbadge two-part expiring badges. Write or print visitor information on a compatible TEMPbadge front, press it onto the back, and the timer starts. Instead of plain stripes, the word EXPIRED appears through the front as the badge expires: half-day fronts expire in about 4-6 hours, 1-day fronts expire overnight in about 10-15 hours, and 7-day fronts expire in about 4-7 days.
