OVERVIEW

The TEMPbadge T6031AL is a large 2 3/16 x 3 29/32 inch adhesive self-expiring badge back that reveals the word EXPIRED when time runs out, sold in a box of 1,000. How it works This back carries the universal chemical timer for a two-part expiring badge. Pair it with a TEMPbadge front to issue a badge; the front sets the expiration speed. Half-day fronts expire in about 4-6 hours, 1-day fronts expire overnight, about 10-15 hours, and 7-day fronts expire in about 4-7 days.
