Customizable	No

OVERVIEW

The Genuine TEMPbadge T6059A is a 7/8 inch round adhesive TIMEspot spot back, sold in a box of 1,000. It is the base half of the smallest TIMEspot badge, for sites that want an expiring indicator and nothing more. How it works Stick the spot back on the visitor, or on a reusable visitor badge, then apply a TIMEspot expiring indicator on top of it. Applying the indicator starts the timer.

KEY FEATURES

- **Format:** 7/8" round adhesive TIMEspot spot back, box of 1,000.
- **Expiration:** The spot back carries the printed expiration pattern; red lines appear through the dot once the indicator's timer runs out.
- **Pairs with:** TIMEspot indicators in half-day (about 4-6 hours), 1-day (about 10-15 hours) and 7-day (about 4-7 days) versions; an indicator is required.
- **Attachment:** Adhesive. Apply it directly to the wearer, or to a reusable visitor badge and remove it at the end of the visit.
