OVERVIEW

The Genuine TEMPbadge T6118 is a 15/16 x 1 15/16 inch (about 1 x 2 inch) self-expiring TIMEtoken label printed VALID THIS DATE ONLY with a date line, sold in a box of 1,000. How it works Write the date on the line, then apply the TIMEtoken label to the token area of a TIMEtoken badge back. Application starts the 1-day chemical timer, and overnight, about 10-15 hours later, the red expiration pattern printed on the back shows through the label so anyone can see the badge is no longer valid. What you need This label is one half of a two-part system.

KEY FEATURES

- **Format:** 15/16" x 1-15/16" adhesive TIMEtoken label printed VALID THIS DATE ONLY with a date line, box of 1,000.
- **Expiration:** The 1-day chemical timer starts at application and shows a red pattern at expiration, overnight in about 10-15 hours.
- **Pairs with:** TIMEtoken badge backs T4102A, T3983A, T5595A and T6057A; a back is required because the label is one half of a two-part system.
- **Attachment:** Self-adhesive label peels from its liner and applies to the token area of the badge back.
