Specialist ID | Travel Accessory | SKU WL

Part number	WL
Brand	Specialist ID
Category	Travel Accessory
Width	2 mm
Length	6 inches
Weight	0.1 oz
Color	Silver
Customizable	No
Country of origin	Taiwan

OVERVIEW

The WL is a 6 inch stainless steel wire loop fastener for attaching luggage tags, keys, identifier labels, zipper pulls, and lightweight hanging items. The coated metal cable measures 2 mm wide and bends into a secure loop when the threaded barrel ends are screwed together. Use it as a replacement luggage tag loop, cable key ring, wire loop connector, tag fastener, or small hanging loop for instrument cases, DIY laminated tags, household labels, wind chimes, camping lanterns, small fans, and similar lightweight projects. Two or more loops can be connected together when extra reach is needed.

KEY FEATURES

- **6 Inch Wire Loop:** Stainless steel cable loop measures 6 inches long and 2 mm wide for luggage tags, keys, labels, and zipper pulls.
- **Screw-Together Closure:** Threaded barrel ends screw together to form a secure reusable loop without tools.
- **Coated Cable:** Nylon-covered metal cable helps prevent fraying and reduces scratching on luggage, bags, and tags.
- **Compatibility Note:** Works with hole-punched or slot-punched tags and small attachment points. Not compatible with 1840-620X rugged plastic luggage tags.
